Island Centre-shots C.N.R. Grain Shipments

A U.F.A. meeting will be held Saturday afternoon, November 22nd, at 1:30 p.m.

The U.F.A. dance last week was quite a success; being well-attended and enjoyed by all.

Mr. Londale was in Calgary last week, undergoing an operation on his throat. Mr. Sutermeister, of Strathmore, presided last Sunday in Mr. Londale's stead.

The secretary of the Ladies Aid will be up to thank all those helping with the very successful Thanksgiving Supper, and also to announce the holding of a bazaar the first Friday in December.

C. A. Phillips is spending a few days at Inuit and High River with his son, Duane, who is in the hospital at High River.

The U.F.W.A. will meet at Mrs. A. Anderson's on Thursday, November 27th, at 2:30 o'clock. Mrs. Schorfield will be in attendance and give a talk.

The "Beatitudes" in the Standard last week reminds us that we have been having a little in reporting the feelings of our community. The request for help in reporting news which we made a little while ago, failed to bear fruit, so if new items are omitted please remember we can't spend all our time listening over the telephone.

We have missed notes from several surrounding towns, Baintree especially. Wonder all the literary lights have hibernated for the winter?

A Scotchman met an Irishman. Says Mike: "A fellow down the street said I looked like you." Says Jack: "Where is he? I'd like to knock his block off." Says Mike: "I killed him."

Coming Events

Don't forget to visit the Bazaar to be held Saturday, November 22, at Shrimpton's old store, held by Ladies Aid of the Union Church. There will be booths of all kinds.

MEMORIAL HALL

SATURDAY, NOVEMBER 22nd

The Breaking Point

with Nita Naldi, Paty Ruth Miller, Geo. Fawcett, Matt Moore.

A murder mystery masterpiece, written by the woman who wrote "The Bat" and produced by the man who made "The Spanish Dancer."

Herewith are the figures of grain shipments from points on the Canadian National Railways in Western Bow Valley from August 1st of this year to November 14th. These figures are kindly supplied by the C.N.R. office in Calgary. It is estimated that three-quarters of the cars now being supplied are 80,000 lbs. capacity, and one-quarter 60,000 capacity. The cars shipped already therefore represent approximately 29,045 tons of grain. A large proportion of the 1921 crop is not yet harvested, while quite a bit remains to be threshed, and the elevators hold large amounts.

Standard News

Mr. Burgess returned home from Calgary on Monday.

Mrs. L. H. Davidson and Miss Nannie Davidson are visiting Standard friends in Los Angeles, California.

A pleasant evening was spent in the Long Beach school house on Friday evening, when Mr. and Mrs. Anderson entertained their friends at the first what drive of the season. The following were the fortunate ones and carried away the prizes: Gent's, Mr. O. J. Jensen; 2nd, Mr. L. J. Dooby; Mr. Anderson; Ladies, Mrs. Nannie Davidson, 2nd, Mrs. J. J. Hansen; Dooby, Miss Maggio.

Among those who returned to Standard from Calgary on Friday were: Mrs. O. P. Larson, Mrs. Elma Larson, Miss Lykka Anderson, Mr. and Mrs. Made Sorenson, Mr. L. H. Davidson, Mr. Jorgen Laurson, Mrs. F. D. Kowloon, Mr. J. P. Hansen, Mr. A. Nelson.

Mr. Robt. Holmes left Standard on Saturday to accept a position at Pre-late, Alta.

Mr. Thorvald Hansson left on Friday for Kenmore, N.D., where he will join Mrs. Hansson and kiddies, who went to Kenmore a few weeks ago.

Mrs. Janet Dand left here on Thursday for her home in Seattle, Wash. We are always sorry to see Mrs. Dand leave us, but glad to welcome her back when she returns the following year.

We are glad to report that Mrs. J. P. Pringle, of Lacanabe, formerly of Standard, is convalescing at the Lacanabe hospital after her serious illness there.

Edmonton Bye-election

The official returns on the bye-election in Edmonton city to fill the vacancy left by Hon. Mr. Justice Boyle, were made the past week, and show W. T. Henry, Liberal, to be elected over A. F. Ewing, Conservative, by 27 majority. On the trustable ballot G. V. Felton, Independent Liberal, was eliminated on the third count.

The cost of the bye-election was placed at \$9,105, as compared with \$8,686 in the liquor plebiscite a year ago, and with \$18,130 in the Edmonton riding in the general election of 1921.

NOW FOR A "CLEAN UP"

Folks, want you to meet "Ma" For-guon, the governor—or should it be the "governess"—of Texas? The U.S. election saw her attain that high office—and, she is the first woman to gain the title of governor in the United States—by a big plurality. Mrs. Ferguson is just a plain, every-day housewife and mother but one "cleaning house"—politically!

OPEN SEASON FOR BEAVER

An open season for beaver during the months of March and April of next year, has been declared by the provincial game department, for the districts north of township 69, which takes in the Grande Prairie, Peace River, Grand and Fort McMurray districts of the province.

CALGARY EXHIBITION'S SUCCESS

The annual meeting of the Calgary Alberta Exhibition board held last week, revealed that the surplus from the stampede and exhibition of 1921 was \$15,582.00, the total attendance having been 167,279. The exhibition board now has total cash surplus of more than \$41,000.

Rosebud Notes

The Thanksgiving Supper, which was given by the Ladies Aid of Rosebud Church, on Thanksgiving Day, was quite a success. The supper was delicious and attracted a splendid crowd. The ladies deserve credit for their work in trying so energetically to reduce the debt on Rosebud's lovely church.

Merle Jones and Opal Jones were guests of their parents in Rosebud for Thanksgiving.

Mrs. Charles Gross, who is ill in Drumheller Hospital with typhoid fever, is reported as slightly better.

The sympathy of the entire community is extended to Mr. Joe Stanley in the loss of Mrs. Stella Hughes, who passed away in Calgary last week, after a short illness. Mrs. Hughes and her children had made their home at the Stanley farm for a number of years, and were highly respected and well-known in the district. She leaves two small sons, ten and twelve years old to mourn her loss. The funeral, which was held at Rosebud Church on Saturday, was largely attended, in testament being made in Rosebud cemetery.

Mrs. Wolfram has been in Calgary for the past week. Mr. and Mrs. Sanger are occupying her home while alterations are being made in their rooms at the store.

The dance held on Friday evening last in Rosebud Hall drew quite a crowd. The music was good and everyone had a thoroughly good time.

It is rumored that Rosebud Hall has been sold to the radio man, who has been in Rosebud for several weeks. We understand that there will be a picture show at the Hall on Monday night next.

BOUNDARY LINE COMPLETED

After eleven years of work, the gloomiest in charge of the establishment of the Alberta-British Columbia boundary line, have completed the last gap at Vancouver, Fraser, Nis, etc., that women are doing the work.

Days We'll Never Forget

Keoma M.D. Meet

Presentation to Secretary and Wife. The regular meeting of Keoma Municipal District Council was held in Irwin on November 1st. Minutes of the previous meeting were read and approved.

A report of the Committee named to investigate the proposed Park school was given by Mr. Rounleir. Whereupon it was suggested that the C.P.R. be approached to grant a piece of land about 10 acres, situated on the site of the old school, for making a Municipal Park. The site was reported to be admirably suited to growth of trees and making a general site grounds for the whole of the Municipality, being centrally located. On motion the report was accepted.

Correspondence was read from the secretary of Keoma U.F.A. asking for grant in connection with erection of a weigh scales for public use, situated in the village of Keoma. On motion to grant \$50 from the general fund of the Municipality towards this was lost. Whereupon Mr. Rounleir moved that he be allowed to grant \$50 from his Public Works, Division 3, which was allowed.

A letter was read from C. Bur, asking that final settlement be made in regard to his contract. It was moved that since the work was satisfactory that he be released from bond, but final settlement be withheld until payment be made to the district by Dept. of Public Works, pending inspection of the roads by government engineer.

On motion it was agreed that the old road driveway be cancelled in W4, 5-25-24, and now one registered as surveyed by Mr. Mitchell in 1922.

The secretary reported that the Betscher school district would like a settlement of the outstanding matter relating to school collections of the old Betscher School, No. 2165. On motion the secretary was requested to write Mr. J. H. Schmalz to be present at the next meeting and present his claim.

Mr. Alex Morton was present and spoke to the Council in regard to damage to his property by stock running at large. He asked for compensation of his loss and that the pound bylaw be amended that no stock be allowed to run at large after October 1st. On motion he was advised that he could collect damage costs through civil action by laying information under the Act, and further the Council agreed that November 1st was too late to have stock running at large, and voted to have the by-law amended that stock may run at large only between the dates of May 1st to October 1st in each year.

On motion the secretary was requested to take up the matter of having this amendment approved by the Minister of Municipal Affairs, so that it might become effective.

A number of bills and accounts were passed.

The date of the next meeting was fixed as November 24th at the Council Hall, N.E. 7-30-24.

Presentation to Secretary. At lunch hour the entire council with their wives were invited to the home of the Reeve, where Mrs. Scratch served a very bountiful dinner. After which the members of the Council personally presented the secretary and his wife with a case of silver. Flaming speeches were made by all members present, including the ladies, whereupon the gentlemen withdrew to resume the business of the meeting in Irwin, while the ladies remained to spend a very enjoyable social afternoon.

PROVINCE'S NATURAL RESOURCES

Premier King at Ottawa has set November 19 and 20 as the dates upon which the federal cabinet will discuss the question of the return of Alberta's Natural Resources to the province, with Premier Greenfield and Attorney General Brownlee, who will represent Alberta.

C.G.I.T. NOTES

At the C.G.I.T. meeting on Saturday, November 8, Mrs. Shrimpton gave a short talk on "The Girls' Place in the Home", which was greatly enjoyed by all present. This is one of a series

of talks given by people of the community interested in the work of the group.

These talks are of great benefit to the members.

It was decided to hold a bean supper

Social & Personal Over The Atlantic

Mrs. W. Kingborough, of Toronto, was the guest of Mr. and Mrs. Foote several days last week.

In connection with the luncheon to be held Saturday, November 22, tea will be served from 2 p.m. instead of 3 p.m. as formerly.

Miss J. M. Vossens left last Wednesday on a trip to Holland. Miss Vossens is a sister of Mr. A. J. J. Weyers.

Leslie West and Jim Barnett are off on their annual moose hunting trip.

Mr. Leroy Tucker, of Union, is at present visiting with his sister, Mrs. C. A. Lydiatt.

Mrs. Shrimpton's parents, Mr. and Mrs. J. H. Burnett, from Nanaimo, are at present visiting with her.

Clifford Herbig, of Dalroy, has enrolled at the Mount Royal College, Calgary, as a student in the University Matriculation course.

School Column

The reports of the standing of pupils in their classes, which was delayed on account of the closing of the school, will be published after November 20th and at Christmas. Reports are sent out to the parents at the same time and these should be signed and returned to the teacher. The standing for November will appear in next week's paper.

On Friday last Grade IX pupils challenged Grades X and XI to a spelling contest. When the students of the two latter grades had all been vanquished, Grade IX still had four champions on the floor. Phyllis Garrett, Bertha Gray, Nora Chamberlain and Margaret Lawson. These victors then challenged the four girls of Grade XII, and when these students had all been defeated one representative of Grade IX, Nora Chamberlain, still remained on the floor to receive the laurels of victory of the school. We hope to have more of these contests. Perhaps we could have a spelling contest in which all the schools of the district would be represented by a team.

The return game of football, Carleton Place vs. Strathmore, which was to have been played in Strathmore last Saturday, had to be postponed on account of the snow.

A meeting of the A. T. A. Local 1 to be held in Carleton Place at 8 p.m. Friday, November 21.

The two High School rooms have been added to their numbers during the past few weeks. Room 4 has increased its roll from thirty-three to forty and Room 5 from eighteen to twenty-three. Late-comers face a very real task in catching up, as over a quarter of the year's work has already been done, and the High School Course of study allows little spare time even to those who spend ten months in preparation for the June examinations.

The Strathmore High School has decided not to enter the Provincial Debating League this year, but has organized as a Dramatic Society.

HOLSTEIN HEIFER

HAS FINE RECORD

Extraordinary Test Made at Recent Fall Stock Show in Calgary.

One of the most interesting features in connection with the recent fall stock show and sale held in Calgary was the dairy competition in which a Holstein-Friesian heifer, owned and bred by the Canadian Pacific, made a most remarkable record.

Entered in the class for heifers under 36 months, this animal, Strathmore Larches Medichile, two and a half years old, gave \$25.00 pounds of milk in forty eight hours, carrying the phenomenal butterfat percentage of 5.2.

Such a high test was so extraordinary that in order to have no doubt on the point, a second test was made with the same result. Her test won for this heifer the special prize to the Holstein-Friesian cow under 48 months old, winning first in test races in all breeds, and the highest number of points received by any animal in the whole competition, namely 125.00 points.

This young heifer was sired by Colony Mount 26-Strider, one of the finest individuals of his breed on the continent, and a sire of proven merit. Her dam, Larches Medichile, made the splendid record of 13,184 pounds of milk and 1523 pounds of butter at a three-year-old, and has a mature record of 50,778 pounds of milk with 876 pounds of butter, the complete one of the herd selected to represent the Canadian Pacific at the Toronto fair this year. — Herald

ARTICLE XIV

Of Canadian Newspapers Trip

"A life on the ocean wave" is not what it used to be. While the ocean still remains the same, the methods of transportation have changed. The ship that Columbus used on his first voyage across the Atlantic was no much bigger than some of the lifeboats stowed away on the decks of the big liners, and while his voyage was a matter of months, the voyage nowadays is a matter of days. Furthermore, we do not have to listen, Columbus did, to predictions that he would keep going until he fell off the edge of the world.

The modern liner is a floating first class hotel, with all that this implies in the way of comfort and service. The journey nowadays is so much simplified that all the passenger has to do is to go down to his local ticket agent and buy his ticket. The transportation company will see that he is delivered on the other side O.K., once he steps aboard the train. The big passenger liners nowadays for an ocean traveller is to get his passport, which involves getting a couple of photographs, signing his name before a notary public or Justice of the Peace, attaching \$5.00 to the documents and sending them to Ottawa, where they are often kept from two weeks to two months. Whether that time is spent in circulating the photos round the Government establishment, to the capital city to be admired by the stenographers, or whether the detective force of the Dominion is set to work to find out whether you're a Bolshevik or an American spy, is not known. The average traveller, however, has the impression that the forms are pieced together, and that the passport is for the purpose of extracting from the far back tax. In due course, giving an imposing document arrives giving you liberty to land on the other side, and you are all set for the journey.

Leaving Montreal

The Canadian newspapermen and their wives, to the number of 150, embarked on the Canadian Pacific Ocean Steamship "Melita" on the 11th of June, at Montreal, and at high tide commenced a pleasant journey down the noble St. Lawrence River. The first hour or two aboard were occupied in getting fixed up as to table accommodations and so forth. Each passenger has the same table throughout the journey. Some of them, indeed, do not occupy the table at every meal, but this is not the fault of the Company. The meals are always there, and if the passenger prefers to spend his time loitering over the rail, going through a process that is the reverse of eating, it is up to himself. Fortunately that process is not of long duration, and after the ship is well on her way the great majority keep one ear open for the dinner bugle.

Looking Her Over

After the ship is well on her way, the passengers commence to investigate the interior of the decks, and to get acquainted. The hardened spirits and seasoned voyagers do not wait up to enjoy the scenery, but find their way to the smoke room, in which, by a peculiar coincidence, is situated the bar. The Ontario men especially, but no time in getting acquainted with the smoke room steward, though the men of Quebec, and those from the wild and woolly west, had as eye of scenery first.

The second day of the trip was spent in the pleasant waters of the Gulf of St. Lawrence, and the third day was spent in travelling along the shore south of Newfoundland. Cape Race is the last land sighted before we really out in the Atlantic, and from then until the shores of Britain come into view there is nothing in sight but sea, with a very occasional passing vessel.

A Day's Routine

But the trip is not monotonous. There are more than one thousand passengers aboard, and there are opportunities for amusement, recreation, and instruction. The routine of a passenger liner at sea is somewhat as follows:

Morning: A walk round the deck to freshen up before breakfast. Then breakfast. The forenoon can be spent in deck sports, such as deck polo, shuttlecock, deck tennis, deck golf, and so forth. Or if not inclined for active sport, you can get a book from the well-stocked library, take it out on your deck stool and read it to your leisure. Lunch is served at midday, but usually in the forenoon a cup of Borini is passed around the deck. (Continued on another page)

"MEN'S BETTER WEAR"

Hockey Club Re-Organizes

An enthusiastic meeting of Strathmore Hockey Club was held in the Town Hall last Wednesday evening, about twenty-five being present.

The financial report was submitted and approved. The report showed that the club was clear of debt with the exception of \$100 loaned for the purpose of constructing pipe line, etc.

Officers for the forthcoming season were elected as follows: President—Thos. E. Wright, Vice-President—Ben Fossenden, Secretary—W. Gray, Executive—McFarland, Geo. Stewart, M. May, A. Gray, Jr.

The manager will be appointed by the executive.

To Form Community Skating Club Much discussion took place as to the advisability of conducting the hockey club as a separate unit from the rink management. It was unanimously agreed that this would be in the interests of both the hockey club and the skating rink. It was therefore decided that a special committee, consisting of Messrs. Giffin, Fossenden, and Young be appointed to provide for the building of the rink business by an organization to be known as the Strathmore Community Skating Rink.

Up to the present all the work done on the rink has been under the name of the Hockey Club, and through their efforts of the past three years there has been established a plant that represents an investment of upwards of \$1500. It is hoped to pay off the loan on equipment by a special effort in the near future.

A meeting of all interested in the rink will be held shortly.

Prospects for a good hockey team this year are the best. Last season's members are all with us, and several new hockey players are in the town now.

The rink has up to the present been managed by volunteer help, and one plan proposed for this season is to lease it to a private individual. One of the primary purposes of the rink is to provide skating for the children of the town and district, and with this in view it is the desire of those in charge to have the people show that they have an interest in the rink.

TAX CONFERENCE
Alberta will be represented at a dominion wide tax conference at Ottawa during the coming week, by Hon. R. G. Reid, Provincial Treasurer.

Craigantler News

Very little grain is being hauled at present. The roads are neither sleighing or wheeling.

J. A. Nordquist increased his dairy herd by purchasing four young Holstein heifers at the Italia sale in Gleichen. Bankview farm will have one of the nicest dairy herds around this part of the country.

Bill Dankworth is adding a wing for Mr. Madsen on his Spillway View farm. Bill expects to drill a well nearer home, (at the school) presently in the near future.

Carl Mullback's oats went about 10 bushels per acre (under the diff.).

The Altou School entertainment and dance, which was to be held in the Meadow Brook Community Hall last Friday was postponed till the night of the 21st.

The Holburn Herd of Holsteins has been increased by a nice 3-year-old heifer of great promise.

Pete Deek was a visitor in the district last week. Pete looks good on it. Married life must be a great change from the lonely years of backing. Pete is in the company with his father, on their large sheep holdings in Montana, but managed to get away for a few days on business, in connection with their Deer Lodge Ranch in this district.

The telephone line north of Gleichen has been out of commission for the past three weeks, but the crew is at work now. In a few days service will be as usual.

Press Will Boos Alberta Resources

Edmonton was selected as the 1925 convention city of the Alberta Press Association by the executive which met in Calgary Saturday morning.

The executive decided that raising stock of Alberta would be the keynote of the association's work during the coming year, and that, at the next meeting, steps would be taken to bring more directly to the public's attention, the present position, the natural resources and the potential development of Alberta.

Those present at the meeting here were President L. D. Nesbitt, Basano Matti; F. Turnbull, Red Deer Advertiser; John H. Anker, Edmonton Journal; John Torrance, Lethbridge Herald; and John Mackenzie, Strathmore Standard.

Great Snow Stunt

One of the greatest storm scenes since "The Old Homestead" is a feature of the new Herbert Brenson production for Paramount, "The Breaking Point," which comes to the Memorial Hall on Saturday next. The story is a gripping western drama, starting in New York and shifting to Wyoming mountain country. Nita Naldi, Patry Ruth Miller, George Fawcett and Matt Moore are featured in the principal roles. Mary Roberts Rinehart wrote the story which was unusually successful as both novel and stage play.

IMMIGRATION OFFICIAL VISITOR

A visitor to the provincial buildings during the past week was M. J. O'Brien, Canadian representative of the British Immigration and Colonization Association, who presented details of the immigration plan of his association to members of the provincial cabinet.

Better Rubber Footwear at the Regular Price

If RHINO Rubber Footwear weren't better—if it didn't wear longer—we would not support the iron-clad guarantee that goes with every pair.

These facts hold good with all RHINO Rubbers. Note the Protector flap on rubber shoe illustrated. It is an exclusive, patented RHINO feature. It effectively

prevents dirt, manure, snow or moisture from getting inside.

This footwear is made from RHINO RUBBER—the toughest and most wear-resisting that Science has yet discovered—which will wear up to twice as long as ordinary rubber. Insist on RHINO Footwear.

Mr. and Mrs. Fred Stian and sons, Albert and John, left for a trip to the States.

Mr. and Mrs. F. P. Hovey and sons have moved into the new house on the corner of Main and 10th streets.

Messrs. Lilly Walker and Frank Curran are pursuing the wild deer and other wild and ferocious animals in the Clearwater this week.

Another hunting party, made up of Messrs. A. W. Miller, J. T. Barnett and Leslie West, left the latter end of last week for parts unknown in the Rocky Mountain district. They expect to return with a good bag, without, of course, the biggest buck that got away.

Mr. A. D. Kettenbaugh and family have moved into Calgary for the winter months.

Mr. E. W. Pugh received \$210 in prize money from the Wheat Pool, having won all three prizes in the Calgary district, also the Provincial Championship Prize for sending the largest number of acres of wheat contracts signed within the time limit in 1924.

The Girls' Glee Club are still holding their regular meetings. Next meeting will be at Mrs. James Black's, Wednesday afternoon of this week. Come on girls, show 'em how.

Old-time Dance to be held in Rockyford Masonic Hall, November 21, under auspices of the Ladies Club. Proceeds go to the benefit of the new Village Hall. Everyone come and enjoy the good time provided.

Mr. and Mrs. Jack Walker are opening up a bakery business in the Little Bazaar, serving lunch lunches at all hours. Try their coffee cake after the evening skate.

Excavation on the new village hall site is proceeding satisfactorily. All donations of labor (and wheelbarrows) are thankfully accepted. See Mr. Ward for any further information.

The dance at Rosedale last Friday was attended by a good number of Rockyforders. Mrs. Myers' orchestra was in attendance.

A donation shower of small articles, such as handkerchiefs, towels, etc. for the Union Church Bazaar will be held at the home of Mrs. W. Carpenter, Wednesday, November 26th, commencing at 2 p.m. Tea will be served, and all ladies are cordially invited to attend.

High Silver Times—We trust it is only a rumor but the report is current that Lady's Limb will be through business in Hazy Road at the end of the year as Mr. Lady has been to become a member of one of Calgary's wholesale houses.

Some commencing business as here in Town last 1915. Mr. Lady has turned over \$700,000 worth of merchandise which is very good for a country store. Mr. Lady was for several years manager for W. H. and May Co. at Strathmore.

A large crowd attended the sale of Mr. Peter's last Wednesday. The Peter family will be going back to France this winter.

Serviceberry U.F.A.

The Serviceberry District U.F.A. Association held their quarterly meeting Saturday, November 16, in the Union Church, Rockyford. The principal speaker of the afternoon was Mr. Joe Shaw, M.P. for New Calgary, who dealt extensively with governmental and economic problems. Information of great value to the Western Provinces, regarding the Crown Trust Agreement was given in a clear and logical manner. He showed the imperative need of quick and decisive action by all organizations in Western Canada to obtain the permanent reinstallation of the agreement on freight rates. A good crowd from the various points were in attendance at the meeting.

A detailed report of the U.F.A. Convention at Rockyford was read too late for insertion in this issue but will appear in our next.

Union Church Notes

We are glad to announce another improvement in our town. A light on the corner leading across to the church, has been needed for the past four years. We appreciate very much the kindly thought of Fred Hunter, who has made so neatly, and at a later date, will appear in our next.

The ladies are holding a bazaar, Saturday, December 6th, when fancy and useful articles will be sold. Before purchasing your Xmas gifts see these articles. Supper will be served in the evening, and afterwards a concert will be given.

The Sunday-school staff have fixed their date for the Xmas Concert on Tuesday, December 23rd. Preliminary arrangements are already in hand for a real good concert.

Tutor

Make a note of November 25th. This is the day for the Tutor Ladies are holding their Bazaar. There will be on sale a good selection of useful articles; Tea will be served, and a concert in the evening. Come and help to make this day a complete success.

A very pleasant meeting of the Literary Society was held last Friday, when the Editor of the Standard was present and gave us an interesting address on his impressions of his trip to Europe. The "Typewriter" disclosed some current observations, and we were wonderfully well entertained. Mrs. Rogers showed pictures, and coffee and cake were served at the close. Our best thanks are tendered to Mr. Mackenzie for his visit.

The next meeting will be on the 25th, when Dr. Scott of Calgary will be with us and give an address on "Psychology and Education." School Trustees, Teachers, and Parents be sure and note this date, and be present.

We are much pleased to be back again in the School for Services, and very pleasant indeed was the Service last Sunday. All seats were filled but we shall be glad to bring in a few extra chairs. Come to Sunday School and Church next Sunday - it will do you good.

New Things Are "News"

EVERY member of every family in this community is interested in the news of the day. And no items are read with keener relish than announcements of new things to eat, to wear, or to enjoy in the home.

You have the goods and the desire to sell them. The readers of "The Strathmore Standard" have the money and the desire to buy. The connecting link is ADVERTISING.

Give the people the good news of new things at advantageous prices. They look to you for your "news" and will respond to your messages. Let us show you that

Tudor News

A well-attended meeting of Tudor Literary Society, held on Friday evening, was addressed by Mr. John Mackenzie, Strathmore, his subject being "Social Conditions in Britain and the Continent." Mr. Mackenzie gave the audience an epitome of impressions gathered while on the other side of the Atlantic this summer, and a spirit of optimism was manifest. The role of labor in Britain was symptomatic of changed social conditions. Organized labor were asking a larger share in the profits of industry, and industry was gradually being organized on a profit-sharing basis, which was to the ultimate good of the community.

Following Mr. Mackenzie's address, several reels of educational films were shown by Rev. C. E. Brown. These were very much enjoyed, and were both instructive and amusing.

Weather Report

Supplied by C. M. Thompson from November 17th to 17th, 1924.

Date	High	Low	Wind	Clouds
11	-5.0	2.5		
12	-18.0	17.5		
13	-14.0	24.8		
14	17.0	24.8		
15	16.5	24.8		
16	17.0	27.4		
17	16.8	24.2		

extra chairs. Come to Sunday School and Church next Sunday - it will do you good.

R. L. Club Notes

The regular meeting of the R.L.C. on November 13th, was held at the home of Mrs. D. Myers, twenty-one ladies being present, including three visitors.

The programme for the coming winter is well on the way to completion, and will be known at a later date. Mrs. Curran gave the latest report on the progress of the Village Hall. The R.L.C. wishes everyone to understand that the hole in the ground opposite C. J. Walcott's garage is not merely a place to bury the hall proposition. Oh, no! it's a good road to the town hall.

Ever since their organization the R.L.C. has been vision of a big new Village Hall in Rockyford, and to help in materializing this hall has been, and is, their chief aim.

At the close of the business we enjoyed a life programme. Mrs. B. Myers played two excellent selections on her violin, accompanied by Mrs. J. Weiss at the piano.

Mr. A. Turbide sang twice for us. Come again "Frenchie". Lunch was then served by Mrs. Curran and Mrs. Penner.

The next meeting of the R.L.C. will be held on November 27th at the home of Mrs. J. Black.

All meetings will begin at 2:30 sharp on the second and last Thursdays of each month.

Everything is "hall" these days. To start with, Rockyford is built in a hall-on-even.

The house are hauling every day and the children holler at their play. If you go into a store, and they ask you "something more?" you politely answer, "No, that's hall today."

CHRISTMAS AND NEW YEAR IN THE OLD COUNTRY SPECIAL TRAINS

WINNIPEG TO SHIP'S SIDE, HALIFAX

FIRST TRAIN leaves Winnipeg, 10 a.m., December 8, for sailing of S.S. Regina, on December 7, to Glasgow, Belfast and Liverpool.

Baintree Sidelights

Mrs. Capell, of St. Catharines, Ont., the sister of Mr. Wm. Bullas, has just a visit to Mr. and Mrs. Bullas. Mr. Bullas' mother is also a guest of her son and daughter-in-law.

Mr. and Mrs. Wm. A. Lyons have moved into their new home, and are getting ready to greet their many friends.

The regular meeting of the U.F.W. was held on Thursday afternoon. Despite the cold weather, a fair number of members and guests turned up. At the proceedings Mrs. T. Sham, who was the hostess for the occasion, furnished a daily lunch.

Miss Nellie Gross was a visitor to the Longbottom home on Friday, and on Saturday went with Miss Mae Longbottom to Calgary, where the weekend was spent.

Gents, and others, greetings! Once again we are out. No were weren't in the coop as you would like to believe. We have just been suffering from a game of hockey. That's what the doctor said it was, and this diagnosis was one hundred per cent. correct. In the past we have always thought that hockey was the fastest game played between Baintree and the planet Jupiter. Now we know it to be true. Speaking confidentially, I'd rather fight Jack the Demp than play again. This is how it looks to us. When the guy gets the kibosh in the ring some good natured crowd will always throw a bucket of cold water on him. But when a fellow gets down on the ice, it's a clear case of dog eat rabbit. So we found it, but we ain't blaming anybody at all. Here is how the trouble started and ended. A bunch of kids invited us to play goals for them. Right then we felt fine, and got between the two fence posts prepared to defend them to the last shot. A second later a fast one hit us right in the bread basket, dropped down our overalls, and as we reached down to grab it, one of the kids smote us right on the

shins. Boy, oh boy! We hunted around for a good dictionary, but failing to find one started in pursuit. Blood was what we were after—blood was what we got. Another kid cracked us an uppercut with his wooden sword, another son-of-a-gun stuck his stick between our legs, and away we went. As we shot into the sky we tried to get a toehold on a cloud. Nothing doing! So we turned the third overboard, and as we looked for a soft place to land on we hit the ice hard. Biff! bang! bingo! lights out! From our experience we can truthfully say, Hockey is a great game—to watch.

A farmer is a hardheaded guy, who keeps dreaming of the day when he will be rich, but who knows from bitter experience that dreams seldom come true.

Did you ever hear this one? A Steady was sent by the sheriff to take inventory of some goods that had been seized. Here is how it read: One Dining Room Table, \$15; 2 Chairs, \$20; 1 Buffet, \$25; 1 Bottle of Whisky, full. Having no exoner he had down his pencil through the last item and substituted the following: 1 Bottle of Whisky, partly full. This was his last effort: 1 Dog with two tails, and one revolving Persian Rug.

Hinky, dinky, Parley You. Sure it's a great song, if you don't like music.

Here is a little Irish gem that is worthy of a place in the memory of us all. A plow, a spade, and a kind thought should never be allowed to rust.

"A boy's best friend is his mother," but the best friend of the whole darned family is a good old Ford bus. Aint that right?

Luck is just a short name for continuous luck, well directed effort and grim determination. Many of us do not possess these valuable qualities, so we hide our failures by laying the blame on that Goddess, who demands repeated sacrifices from the ones on

whom she bestows her gifts. James Watt worked day and night for many years to find one started in pursuit. Blood was what we were after—blood was what we got. Another kid cracked us an uppercut with his wooden sword, another son-of-a-gun stuck his stick between our legs, and away we went. As we shot into the sky we tried to get a toehold on a cloud. Nothing doing! So we turned the third overboard, and as we looked for a soft place to land on we hit the ice hard. Biff! bang! bingo! lights out! From our experience we can truthfully say, Hockey is a great game—to watch.

Over the Atlantic

(Continued from another page)

The afternoon is spent in much the same way as the forenoon, and while in mid-Atlantic we make the acquaintance of the English custom of afternoon tea, which is also passed around the deck, and to the various wards. Cards, naturally, are largely played. There are card rooms on the ship, and the saloon is largely used by those who like a quiet read or talk.

At mid-day luncheon the daily ship's paper is circulated, giving a digest of world news as received by wireless.

The Evening
Dinner at 6 and 7 o'clock, is the big meal of the day. A fine ship's orchestra plays during the dinner, and also in the evening in the saloon. The evening is generally spent in cards, dancing and impromptu conversation. Every evening when there was not a ship's concert on, the smoke room resounded to the melodies and songs of newspaper vocalists. Sentimental folks spent the evenings on deck. The noisiest place to be sentimental than on the upper deck of an ocean steamer, particularly with an agreeable companion of the opposite sex. Marriages are said to be made in heaven, but many engagements are made on ocean liners.

The evening concludes with cheese and cream at about 11 a.m. It would seem by the foregoing that meals form a large proportion of the day's programme. They do, but when one considers the wonders of an ocean appetite, the meals do not come too often. An ocean voyage is a real thing to build one up.

One of the fine things about an ocean voyage is the agreeable company one meets. People are present from all over the world. There is lots of time for conversation, and you get the other fellow's viewpoint better here than anywhere.

An Atlantic Newspaper

Some of the newspaper party pulled off quite a "stunt" on the steamer in the publication of a newspaper, appropriately named "The Melita Surprise." Five hundred copies were printed, the proceeds going to sea-men's charities. All the work, journalism, composition, and printing, was done by members of the party, the ship's printer gave us the use of his facilities, which must be said to be very great for the publication of a newspaper, as the equipment is suited mainly for publication of news, etc. All the composition was done on one case of type, planked down on the printer's berth, and the process consisted of setting up one page, printing it, distributing it, and then setting up another. The work was taken in relays by volunteers, and when completed it formed an interesting and unique publication.

Land Ho!

After five days spent in the manner above outlined, the ship's Rock was sighted, a lighthouse of the south-west coast of England, and next forenoon we were at anchor in Chorbourn. The remainder of the journey by steamer, to Southampton and Antwerp, has been detailed in previous issues of the Standard.

The journey back from Glasgow to Quebec, was also enjoyable, with good weather and agreeable company.

One point we did not mention was the care taken of children on the C.P.R. ships. A nursery, equipped with all kinds of toys, rocking-horses, etc., and in charge of a nurse, keeps the children in good humour all day.

The service by the stewards and stewardesses is beyond praise, and

EDUCATION IS NOT ALONE OBTAINED FROM BOOKS

MOUNT ROYAL COLLEGE

Offers courses in Public and High School grades, University matriculation and Teacher's diploma. Business courses, Bookkeeping, Stenography and Typewriting, Music, Expression, Public Speaking, Dramatic Art, Physical Culture, Fine Arts, and Special Courses combining any of the above. We have an exceptionally able staff of teachers, every a College Graduate and a trained specialist. But we also offer the best elements of a liberal education. BROADENING OF VISION — HEIGHTENING OF IDEALS — CULTURAL ADVANTAGES. Modern Residential and Day College. For full information write or phone M201. Students may enroll at any time. G. W. KIRBY, B.A., D.D., Principal.

The Road To Better Health

Automobile Exhaust Gas Poisoning

BY DR. W. J. SCHLES

The danger of working on the car in a closed garage when the motor is running should be remembered at this time of year when the weather is likely to be cold and one is tempted to close the doors. The small one or two car garage is particularly dangerous, the relatively small air space per- mitting the rapid accumulation of a dangerous concentration of carbon monoxide.

Carbon-monoxide poisoning caused by the inhalation of automobile exhaust gases seems to be increasing in frequency. It is estimated that each year there are several hundred deaths from this cause. Whether or not the health is affected is a question that has not been definitely settled.

May Be Unaware Of It

The physical properties of carbon monoxide are such that one may be unaware that he is inhaling it. It is colorless, odorless, and tasteless. The occurrence of certain symptoms may be the first indication that the gas is being inhaled and that poisoning is taking place. Headache, dizziness, nausea, muscular weakness and twitching of the muscles are some of the symptoms. In these cases in which people have been found dead in garages, unconsciousness or death may have occurred very rapidly or the victims may have ignored the earlier symptoms.

While all of these symptoms may arise from other causes, when any of them occur under circumstances in which one may have been exposed to carbon-monoxide gas, no time should be lost in getting to the fresh air. Anyone who has been overcome should be placed in the fresh air and given artificial respiration such as is used in cases of drowning. This should be kept up until the patient breathes normally.

Prevention of carbon-monoxide poisoning consists of plenty of ventilation to carry away the gas. And, in the avoidance of exposure to air known to contain it.

QUESTIONS AND ANSWERS

A. J. V. V. V.

L. M. writer: "I have varicose

(Copyright, 1924, by The Borden-Brown Corporation, Chicago)

always efficient, and the ship's doctor is always at your service if you are so unfortunate as to be taken ill. Fortunately, illness on board ship is not common, but on the Melita a successful operation for appendicitis was performed on a member of the crew.

The Cost

As regard cost, the expense of an ocean journey is not exorbitant, \$120 is the —al cabin fare, and it must be remembered that this includes meals and all services, with the exception of the usual tips to steward and stewards.

The steamship and railway companies are giving special fares now for Xmas excursions to Europe, and the costs of travelling are less at this season on account of these special fares.

Atlantic weather does not vary

of the legs. They ache and cause my legs to feel heavy. Is there any way to cure them except by operations?"

Reply
You may get some relief by wearing an elastic bandage. This should be applied before you get out of bed in the morning. If you cannot use an elastic bandage, try wearing elastic stockings.

Keep off of your feet as much as possible.

Surgery seems to be the only permanent relief.

To Replace Oil After Shampoo

P. H. T. asks: "What is a good oil to use after washing the head so that the hair and scalp will not be too dry?"

Reply

Use a little olive oil or petroleum.

You Were Wrong

M. C. B. writes: "Our seven-year-old daughter recently had an attack of sore throat. There were some patches on the throat, and the doctor wanted to give diphtheria antitoxin. We objected to this because we have heard that antitoxin is harmful to the heart. Examination of cultures showed that it was not diphtheria. Were we wrong in believing that antitoxin may hurt the heart?"

Reply

You were wrong. The toxin or poison given off by the diphtheria bacilli and absorbed into the system is what damages the heart. The cases of this disease which do not receive antitoxin receive it too late, or do not get enough of it, are the cases which death due to heart failure occurs. Your doctor was following the safe course in proceeding to give antitoxin when he suspected diphtheria. Antitoxin is the antidote to the toxin of diphtheria and prevents heart damage.

(Note: Dr. Scholtes will answer such health questions in these columns as will be of interest to others and permissible in public print. Personal questions will be answered only when accompanied by self-addressed stamped envelope. Address: Dr. W. J. Scholtes, in care of Strathmore Standard.)

greatly summer or winter. You will run into a storm occasionally, but all the passenger steamers crossing the Atlantic coast and mid the shipper of the Hespers, but with much more reason that they "can weather the roughest gale after ever wind did blow."

The Canadian winter passage from St. John or Halifax to British ports, is the shortest in distance of any on the north Atlantic. The further south the port, the longer the journey.

Slat's' Diary

Friday—well after about noon we
loaded out to make time to see his
new auto which is a Ford
made just like our old
approximately and so sat
him why so one called
him self. Well I got
the thing so I could
deliver milk to the cus-
tomers on my milk run
and this morning after
I got home they began
to calling me up and
every day I left her a
bottle of butter instead
of milk. Then pa
wrote in a little book
his own self and said,
Well then how about it you sell
me a pint of butter today.

Saturday—Everybody thinks Ed
Black is going to marry Mrs. Kott
which's husband died sum time in
the past and had 20 thousand \$ of life in-
surance which made his wife a very
attractive widow woman. Ma says
they haven't anything at shows a man
four slight like the amt. of insurance
he takes out. Pa. ignored the remark.
Sunday—An Emmy says she has
enjoyed use for winter running for
offices and she wouldn't go to congress
if some one paid all her expenses but
she has always been curious to go
just how the seats in congress was
upholstered and if they are comfortable
or not.

Monday—Mrs. Gillem was a surprise
this with pa tonight because her hus-
band (pa) stays up to the golf links
so late every day. And ma said she
don't mind it because the more longer
he stays up there the less time she
will have to listen to him talk about
it here at his home & friends.

Tuesday—Are washwoman has tried
all the patent medicines she ever saw
of but she told ma today she guess she
wood half to give up and go to the Dr.
to get her cold cured as she only had
2 more bank-chits to go on.
Wednesday—Mrs. Wendy is a queer
woman. She is never satisfied very
long at 1 time and pa says if it was
sent for her they woodent have
much news for the newspaper, be-
cause she is always either changing
cooks or landladies or husbands or
some thing. Ma says the only thing
she ever gets to change is her mind.
As she said this pa leans over & whispers
to me. And mine to.

Thursday—I was all dressed to go to a
party tonight when ma decided she
wanted sun cool and when I started
after it pa said Are you going after
paat in them close. I said with a
trickle in my eye. No pa I am going
after it in a bucket. 2 thirds of are
family laffed heartily, and pa said Don't
get fussy with me. But I was on the
winning side. that 1 time.

Knights of old, garbed in full arm-
oured fighting array, rode once again
in the revival of the old tournaments
the fairy stories tell so much about.
Not to actually battle for some prin-

DALEMEAD NOTES

What's the matter with Baintree
Tim? He can hardly be away on
another fishing trip, but maybe he is
hunting for his good this time.

Born—to Mr. and Mrs. H. Stachwell
on Wednesday, November 12, a son,
congratulations.

Ed. Winter is another farmer who
believes in keeping up with the times.
He has recently bought a new Ford
sedan.

The Juniors received their library
from the University last week, and
be kept by Mr. Storey. There are
some very good books, and everybody
is invited to make use of them this
winter.

"The Old Maid's Return" is going
to be staged in the near future. The
ladies are practicing hard, and a good
time should be in store for us.

Now that Thanksgiving has passed
again, a lot of people will begin to
count the days until Christmas.

AS OF OLD

orphans and widows of Belgian sol-
diers who lost their lives in the world
war.
In the above picture you see Jean
De Cleves, one of the many partici-
pating knights arriving at the peasant.
The unique event, it is said, was the
most inspiring memory of earlier years
and a big success.

NEXT WEEK WITH THE
CHURCHES

Sunday, November 23rd, 1923

There are three types of Christian-
ity in the world today. Two sound
sects, but only three types. One of
these, the "Imperialistic", will be dis-
cussed next Sunday. All religious
people are invited.
11 o'clock.
Church—Combined service at 2:30
o'clock.
Strathmore at 11 o'clock the
Church School; at 7:30 o'clock Public
Worship.

Boys' and girls' meetings at regular
times.

Next week at each point of our field,
Lenten Lecture with seventy-five
slides on "The Great Adventure of
St. Paul of Tarsus." A collection will be
taken to pay expenses. The lecture
will be given as follows: Tuesday at
Strathmore, Wednesday at Nanaimo.

Friday at Cheadie.
ARTHUR H. ROWE,
Minister.
